WEBINARS

BACK TO THE TABLE: SCHOOL GARDENS

Cooking for Kids, the Oklahoma Department Of Agriculture, and the Oklahoma Junior Master Gardener program team up to present a 3 part webinar series about school gardens.

- Part 1 | Thursday, April 8th | Virtual Farm Tour, Procurement, & Funding & Resources
- Part 2 | Thursday, April 15th | School Garden Champions & Cafeteria Recipes
- Part 3 | Thursday, April 22nd | Garden Skills

SAVE THE DATE Registration opens in April.

IN-PERSON TRAINING

FARM TO SCHOOL: THE FRESH PROJECT TRAINING

These three day trainings will include skill development such as knife skills, flavor building and taste testing as well as culinary management skills such as menu planning and commodity processing and farm to school activities with interactions and training with farmers in attendance. Trainings will take place in June. Locations TBA.

ON-SITE CHEF CONSULTATION

After completing FRESH Project training, a school is eligible for a personalized chef consultation. Through a series of on-site visits during the 2021-2022 school year, a professional chef will partner with the child nutrition director to focus on menus, procurement, marketing, and much more!
